MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. Industry Structure and Development:

During the year under review, Industry suffered due to severe shortage of raw jute due to Crop being lower by almost 24% than earlier year. This resulted in abnormal rise in raw Jute prices putting further pressure on the operations. The production therefore in the Industry is estimated to be approx 20% less than earlier year.

B. Opportunities/Threats, Risks & Concerns:

■ Opportunities

As per initial projections given by the Government Procurement agencies it is likely that there will be good demand for B Twill Jute Bags from July'16 onwards which coupled with expected bumper Jute crop to arrive in the market from July / Aug'16 may ease both availability and price of raw jute, and should augur well for the Industry going forward, barring unforeseen situation. Opportunity also lies in diversification of products range by installing new generation equipments and innovation of value added products by way of different blends of man made / natural fibres. Your Company having hived off its labour intensive and conventional Unit, namely Anglo India Jute (Middle Mill) will now focus more on enhancing production of diversified items while also giving thrust on improving the productivity.

■ Threats / Risks and Concerns

Discussion is going on in the Ministry of Textile, Government of India, for dilution of Jute Packaging (compulsory use for packaging commodities) Act 1987 which is due for annual extension as is being done every year. However, efforts are being made by the Industry body to persuade the Government not to dilute the mandatory packaging order in the larger interest of farmers, workers, environment and until the Industry is ready to face this challenge by way of concerted efforts by the Industry to modernise & develop diversified products and create new demands. Besides, both Central and State Government

should also extend their support by devising an Incentive based effective policy to encourage the Industry for modernisation, research & development and innovation of value added range of products. Productivity in the Industry is also quite low compared to wage structure which keeps going up being linked to inflation, hence workers Unions also need to Co-operate with the Industry and link wages to productivity for long term survival of the Industry.

C. Outlook:

There is an expectation of Bumper raw jute crop which will arrive in the market from July/Aug onwards because the farmers have gone for higher acreage of jute cultivation this year due to record high prices realised by them for the previous crop & with expected above normal monsoon, Government procurement Agencies have also projected higher B Twill bags requirements. Considering the above factors it is hoped that performance of Jute Industry including your Company may be better this year, barring unforeseen situation.

Your Company after having sold its Anglo India Jute (Middle Mill) located at Jagatdal, Dist. 24 Parganas (North), West Bengal w.e.f 01.05.2016 is now planning to focus more and more on value added products and also ramping up production at its other Units. Since AIJM – Middle Mill was highly labour intensive having very low productivity, manufacturing mostly conventional products, its hiving off should result in overall improvement in the operating performance of the Company. Sales turnover may be lower initially but may gradually increase with the Company's efforts in enhancing production at other Units in a phased manner.

Efforts are continuing to resume operations at Wellington Jute Mill and other Units located at Rishra, Dist-Hooghly, West Bengal which are currently under temporary suspension of work due to acute shortage of raw jute and low productivity. Resumption of operations at these Units also depends upon the outcome of negotiations underway with the Workers Unions to benchmark productivity levels at these Units to Industry standards which at present is very poor when compared with Industry norms.

D. Internal Control System & Adequacy:

The Company has a proper internal control system in place across all its operations. Internal audit work has been assigned to a professional firm of Chartered Accountants who have expressed satisfaction about the adequacy of internal control systems and procedures followed by the Company. The Audit Committee reviews the observations of the internal auditors and implementation aspects on a regular basis.

E. Financial & Operating Performance:

Sales / Income from operation was Rs. 216.16 Crores compared to Rs. 301.78 Crores in the previous year and it declined mainly due to lower production which had to be curtailed because of acute shortage of raw Jute and suspension of work in some units. Export Sales was at Rs. 49.74 Crores compared to Rs. 60.80 Crores in the previous year. Overall operating performance was adversely effected for the reasons explained in this report.

F. Material Development in Human Resources/Industrial Relations Front:

The Company continues to rationalize its workforce and put emphasis on providing quality training under the Company's programme.

Yarn Unit and Libra Carpet Unit located at Choudwar, District Cuttack, Odisha, Yarn and Weaving Unit at Konnagar continued to be under suspension of work.

Due to very low productivity, temporary suspension of work had to be declared at Weaving Unit Rishra w.e.f 23rd May 2015 continuing till date, Anglo India Jute Mill (Middle Mill) from 26th May 2015 to 13th September 2015, Yarn Unit Rishra from 20th June 2015 continuing till date with intermittent small operations in between. Due to severe Raw Jute shortage & low productivity Wellington Jute Mill also had to temporarily suspend operations from 26th March 2016 which is continuing till date, however negotiations are underway with Workers Unions for increasing productivity & adhering manning norms in line with Industry Standards.

G. Cautionary Statements:

Certain statements in this report may be construed as forward looking statements which have been made as required by laws and regulations, as applicable. There are several factors, which would be beyond the control of management and as such, may affect the actual results, which could be different from that envisaged.

“Annexure A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ of our report even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of AI Champdany Industries Limited (“the Company”) as of 31st March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility

of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

We have audited the internal financial controls over financial reporting of AI Champdany Industries Limited (“the Holding Company”) as of 31st March, 2016 and its Subsidiary Company in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The respective Directors of the Holding Company and its Subsidiary Companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary company in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its Subsidiary Company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one Subsidiary Company, which is incorporated in India, is based on the corresponding report of the Auditors of such Company. Our opinion is not qualified in respect of this matter.
